# Preferred and Income Securities Fund

TICKER Class I: ORDNX

## INVESTMENT OBJECTIVE

The investment objective of the North Square Preferred and Income Securities Fund is to seek total return through current income and capital appreciation.

## INVESTMENT STRATEGY

The Fund pursues its investment objective by primarily investing in preferred and debt securities and other income producing securities and securities of other investment companies, such as exchange-traded funds ("ETFs"). In pursuing the Fund's investment strategy, the Fund's subadvisor Red Cedar Investment Management seeks to identify securities it believes are undervalued considering credit quality, optionality, security structure and other investment characteristics. More specifically, Red Cedar seeks to identify securities which it believes offer attractive income and risk adjusted return characteristics, and takes into account prevailing market factors while building a portfolio of broadly diversified issuers.

Effective January 11, 2022, the Fund made certain changes to its investment objective and principal investment strategies, including the modification of the strategies to invest in a portfolio of preferred and debt securities issued by U.S. and non-U.S. companies. Prior to January 11, 2022, the Fund invested primarily in equity securities that had a record of paying dividends over at least a trailing one year period. Effective January 11, 2022, the Fund's sub-adviser also changed. Accordingly, the performance shown for periods prior to January 11, 2022, is based on the Fund's prior investment objective and principal investment strategies, as implemented by the Fund's previous sub-adviser, and may not be representative of the Fund's performance under its current principal investment strategies.

The Fund has adopted the historical performance of the Oak Ridge Dividend Growth Fund (the "Predecessor Fund") as a result of a reorganization consummated after the close of business on May 10, 2019, in which the Fund acquired all of the assets, subject to the liabilities, of the Predecessor Fund. The performance information presented below for periods prior to the close of business on May 10, 2019 reflects the performance of the Predecessor Fund. At the time of the reorganization, the Fund and the Predecessor Fund had substantially the same investment strategies. Prior to the reorganization, the Fund was a "shell" fund with no assets and had not yet commenced operations. Please see the Fund's prospectus for more information regarding the Predecessor Fund.
