\*The Fund has adopted the historical performance of the Advisory Research All Cap Value Fund (the "Predecessor Fund"), a former series of Investment Managers Series Trust, as a result of a reorganization consummated after the close of business on February 21, 2020 ("Reorganization"), in which the Fund acquired all of the assets, subject to the liabilities, of the Predecessor Fund. The performance information presented above for periods prior to the Reorganization reflects the performance of the Predecessor Fund. At the time of the Reorganization, the Fund and the Predecessor Fund had substantially similar investment strategies. Prior to the Reorganization, the Fund was a "shell" fund with no assets and had not yet commenced operations.

Current performance may be lower or higher than the performance data quoted. The performance data quoted represents past performance, which is no guarantee of future results. Investment return and principal value of an investment will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. Performance would have been lower without expense limitations in effect.
