The performance results shown above in the line chart and the average annual total returns table for periods prior to May 10, 2019 represent the performance of the Oak Ridge Multi Strategy Fund (the "Predecessor Fund") which converted into the Fund and is attributable to the Fund moving forward. The Fund's performance has not been restated to reflect any differences in expenses paid by the Predecessor Fund and those paid by the Fund.

Effective July 18, 2017, the Predecessor Fund made certain changes to its principal investment strategies. Accordingly, the Predecessor Fund's performance for the periods prior to July 18, 2017, is based on the Predecessor Fund's prior principal investment strategies and may not be representative of the Predecessor Fund's performance with its amended investment strategies, which are substantially identical to that of the Fund.

The Fund's past performance is not a good predictor of how the Fund will perform in the future. The graph and table do not reflect the deduction of taxes that a shareholder would pay on fund distributions or redemption of fund shares.
